New College Alumnae/i Association

Jono Miller '70, President

Carol Ann Wilkinson '64, Alumni Coordinator

My challenge: write a preface for an alumnae/i directory. What can one say about an alumnae/i directory? It is exactly what it appears to be, utilitarian, unsensational, as exciting as a phone book.

Actually, my father was a fan of phone books, particularly the yellow pages. He was a salesman, not entirely un-Willy Lomanesque. When he'd hit a new town, he'd yank the yellow pages out of the night-table drawer and start scanning. His premise was that the yellow pages mirror the community. He got a big kick out of the "C's" here in Sarasota. We've got six carnival suppliers, fourteen pages of carpet cleaners, five casket showrooms, lots of caterers, a Whitman's sampler of churches, thirteen circus listings, a cistern builder, citrus growers, a page of cocktail lounges, two pages of condominium listings, consignment shops; lots of contractors, cremation urns, cruises, and a reference that says: **Cypress Clocks and Products See Clocks - Dealers.** You get the picture. It cracked him up that Sarasota had one diaper service and thirty-four undertakers (see funeral directors.)

This directory is really the first novocollegiate yellow pages. For one thing, we've included the phone numbers we have for alums who didn't specifically request that we withhold their phone numbers. And we've included professions. So you can scan it as my old man would have, to get a sense of what kind of community we make; or you can actually contact people, one of our goals. We're hoping to increase communication: communication between alums, and communication between alums and students. If you feel you are being done a disservice as a result of this facilitated communication, please call us and let us know. If not, enjoy. And let your fingers do the reminiscing.

Alphabetical Directory

The alums on our mailing list are listed alphabetically by last name in this section. Anyone whose last name has changed since New College days is listed twice, under each last name. The year in bold print is the entering class year; graduation year is in parentheses. A new feature in this directory is the home phone number. If we have it, it's included unless you've asked us not to release it. The information is what we had on file as of February 21, 1991.

Students also have access to this information through a data base search program commissioned for students by the alumnae/i association.

We apologize for any errors. Please use the form in the back to help us correct or update information about you.

Professional Directory

Listings in this section are by job or profession categories. The list (limited to 99 fields by our data base program) was included with the alum survey sent out in 1989-90. A revised list of the categories is printed on the next page.

Only those of you who returned survey forms are included here. The choices are self-selected. Numbered categories are the first choices; italic categories are the second choices. Included for each person are: job title or description; business name; city and state; and business phone number. The information is what we had as of February 15, 1991.

If you'd like to be included in future profession listings, please call us or use the update form in the back to send us information about yourself.

This information is also made available to students in the campus computer lab through the Alumnae/i Data Base Search program commissioned for students by the Alumnae/i Association this year.
