A Message from the Dean and Warden:

I welcome this opportunity to express my best wishes to all who will be receiving this edition of the Alumnae/i Directory. This Directory represents the efforts and hard work of numerous people, to whom we owe a considerable debt of gratitude. I hope you find it to be useful and that the networking it makes possible will reflect the special character of this place and its graduates.

As New College gradually approaches the half-century mark, so do some of its alums (!), and the role of the Alumnae/i Association in the years immediately ahead promises to become even more important. One powerful impression made on me in my first year here is the tremendous loyalty that New College inspires in its students and former students. Most of you know far better than I the special blend of stimulation and masochism that seems to animate this place, together with the powerful role played here by an ethos that takes with full seriousness the insight that genuine learning is active rather than passive. It has been a delight to meet and work with numerous graduates and former students and to learn at firsthand the important difference New College has made in their lives. Clearly, that special sense of loyalty to New College is well deserved, and those of us here in responsible positions feel a strong sense of obligation to that legacy.

If you've been wanting to get in touch with a former fellow student, now is your chance. And I hope to meet more of you personally in the months ahead.
