

NEW COLLEGE
ALUMNI DIRECTORY

August, 1981

FOREWORD

It is a pleasure once again to forward an updated edition of the New College Alumni Directory to you.

I am convinced that New College is worthy of our support. I am impressed with the quality of the faculty and students. Students study hard and learn a great deal. The "track record" of New College graduates is dramatic. The fact that the College has retained its autonomy, quality, and character six years after its merger with the University of South Florida is a testimonial to our unique blend of public and private support.

I am happy to report that the New College Foundation met the State challenge by raising \$3.5 million in private and corporate funds by June 30, 1981; therefore, qualifying for the challenge of \$2.5 million in State funds to begin our endowment. This will go a long way toward guaranteeing the high-quality education which has been New College's hallmark. We on the Foundation staff are not looking back on our accomplishments but looking forward to the future. We will continue our endowment campaign until we are sufficiently endowed to guarantee our yearly grant to USF of roughly a half million dollars, establish a meaningful scholarship program, permit qualitative improvements in New College programs, and stay ahead of inflation.

The New College Foundation will continue to pursue its goal of perpetuating excellence in education and, to that end, will continue its fund raising efforts in order to provide a quality education for our greatest national asset--our youth.

You can help us in two ways. You can directly or indirectly help us in our fund raising activities. You can also assist New College admissions efforts by telling our story to talented young people.

We appreciate your continuing support and welcome your visits. Please stop by the Foundation office when you visit the campus.

Rolland V. Heiser
President
New College Foundation

AN OPEN LETTER TO OUR ALUMNI

This 1981 edition of your Directory goes to press at an important moment in the history of New College. The type of education you sought and found here is, and will continue to be, available to those students who pursue it.

While the continuity of New College has been maintained by the intellectual achievements of the Faculty and the financial expertise of the Foundation, the success of these efforts depended ultimately on the history of accomplishment of the students and alumni. This history you wrote individually.

There are, however, areas of specific interest to you where a collective effort is needed. Such activities as the annual reunions, which more and more of you are enjoying, as well as the publication of periodic newsletters and directories, have been made possible since 1967, the year of the initial New College graduating class, because deficits have been underwritten by the New College Foundation. Now it is time for an independent Alumni Association.

With the inclusion of the Class of 1981, this Directory covers a fifteen year span. At the beginning of the next academic year -- September 1981 -- can we announce that we have such an independent Alumni Association, capable of funding its own activities and, more importantly, contributing not only its news, but its views, to the New College community?

Pay your dues, my fellow alumni, and we can and will.
